STATE HEALTH OFFICER FINDS CONDITIONS FAIR

Dr. Page Examined Rural Schools---Hookworm Prevails to Some Extent.

Dr. B. W. Page, of the State Board of Health, who has just completed a tour of inspection of a number of the rural schools in the county, the inspection being made with a view of ascertaining the sanitary conditions and the prevalence of the Hookworm disease throughout the county. At the various schools, fifteen in number, the doctor urged the pupils to send specimens of excrement to the state laboratory in order that it could be properly analyzed.

Dr. Page was seen by a reporter yesterday afternoon and stated that from a cursory examination he found that the disease was prevalent in something less than 20 per cent. of the pupils in the schools of the county. When asked as to the sanitary conditions Dr. Page stated that the conditions would compare favorably with the other counties visited by him so far. He spoke of several improvements that could be added with slight expense and the conditions would be much more sanitary. These, he said, would no doubt be made shortly as the people all over the state are awakening to the fact that their children must have attractive and sanitary environments if they are to be healthful and studious; that if the children are brought up surrounded by environments that tend to make them more healthy and with a keener mental perception they will in the future see that such environments are necessary to the welfare of the community in which they live.

Dr. Page was asked what he thought of the new law enabling Guilford county to employ a physician as health officer, this physician to devote his entire time to the work of improving the health conditions in the schools and throughout the entire county. He said he thought that the idea was a capital one and that the benefits derived from the work of such an officer would more than reimburse the county for the expense to which it is put in carrying out the provisions of the law. It is only another evidence of the fact that Guilford leads the procession in all movements looking to the betterment of conditions, said Dr. Page, and it is safe to say that other counties will rapidly follow Guilford's lead in this progressive move.

The Masonic Home—Greensboro Gets it.

Major W. W. Wood is now collecting the subscriptions already given and taking others for the Masonic home which is to be built, in Greensboro, at once, for the care of aged and indigent Masons. Those wishing to pay their subscriptions, and those desiring to subscribe to this enterprise, may call on Major Wood any where they see him or call his phone No. 399 and they will have prompt attention.

LATEST NEWS OF THE NORTH STATE CAPITAL

"Owls" Cannot do Business in State---Railroads Want Mileage Adjustment.

Raleigh, March 29.—James R. Young, commissioner of insurance, took steps today to call to account the local agent of the Order of Owls, at Charlotte, for procuring membership and fraternal benefit provisions for North Carolinians when the order has no license to do business in this state. The agent is J. J. Arlington and Commissioner Young has taken the matter up with the chief of police of Charlotte. The commissioner says he would not grant a license for the order to do business in this state as he regards the affairs of the order as conducted not at all to the best interests of the members. He says that the supreme secretary of the order is on record as having admitted that he conducts the death benefit fund of the order in his own personal interest. The order not being licensed in this state it is a misdemeanor to procure members. The attention of the commissioner to the operations of the Charlotte office of the Owls came through newspaper advertisements the representative is running.

One charter and an amendment was the record in the office of the secretary of state today. The new charter is for the Collodena Land and Lumber Company, Roxoboro, $10,000 capital subscribed and $50,000 authorized, the principal incorporators being R. P. Early and others. The amendment is for the Ivey and Hill Co., West Hickory, changing the name to the Ivey Manufacturing Company, G. F. Ivey being president of the corporation.

Governor Kitchin will return tomorrow morning from Antioch, Hoke county, where he delivered today an educational address in connection with a movement for better schools through local taxation that has been started since the new county was formed by the recent legislature.

The railroad companies are moving on the corporation commission just now for definite adjustment of the regulations for mileage book ticket windows at stations in towns of 2,000 and more inhabitants as passed by the recent legislature as a compromise in the fight that was made by traveling men for pulling mileage on trains. The railroads are asking the commission whether or not there must be two windows at a number of stations where there are 2,000 inhabitants but where the railroad companies claim that there is not the necessity for the double expense in sale of tickets. There was to have been a conference today but the railroad officials failed to appear. The act is effective May 1. There must also be baggage checking regulations for mileage by April 15.

Mr. Jno. D. Warlick, of Jacksonville, Onslow county, has arrived to take up his duties in the executive offices of

(Continued on Page Four).

STATE CAPITAL AT ALBANY FIRE SWEPT

Fire Which Started at Early Hour Wednesday Morning Caused Loss Estimated at $7,000,000 to $10,000,000.

Albany, N. Y., March 29.—Fire swept, smoke stained and water drenched, New York state's magnificent $27,000,000 capitol stands this morning a partial wreck by flames that started in the assembly library, burned away the entire west wing and did damage estimated at $10,000,000 before the fire was declared under control after raging more than four hours.

It is believed the fire was started by a fused electric push button becoming electrified.

It was discovered by a night watchman and the alarm was sounded at 2:46 o'clock. Before the firemen reached the massive structure, priceless documents, books and records stored in the assembly library had been destroyed and other departments were threatened. The imitation oak ceiling of the assembly chamber, composed of papier mache, was partially destroyed as was also the famous million dollar staircase in the west wing.

On the third floor, where the flames gained their start, the departments wholly or partially destroyed by fire or seriously damaged by water were:

The state library, containing 400,000 volumes, among them the most valuable genealogical works in the United States together with relics, priceless documents, some of them dating back to 1776 and irreplaceable.

The assembly and senate libraries, stored with thousands of volumes of law and code books, also a number of documents and manuscripts that can never be replaced.

The finance committee room, in which were stored drafts of all the appropriation and other bills of the present session.

The chamber of the president pro tem of the senate.

The lieutenant-governor's room, badly damaged but not wrecked.

The senate and assembly chambers are soaked with water that has ruined the rich furnishings and the papier mache ceiling of the latter is hanging in straggling shreds of half dissolved paper. This ceiling with its handsome adornment is said to have cost a great sum and was one of the show sights of the capitol.

Practically all the offices below the third floor, including the executive chamber were damaged by smoke and water.

While the fire was at its height four men were reported missing. One of them, Samuel Abbott, of Syracuse, night watchman in the state library, is still missing and is believed to have been burned to death. His body is probably buried beneath the mass of debris.

After the fire was under control Fred Weyler, 75 years old, a watchman in the state library, was reported to be missing. Thomas Bean, a capitol attache, and a man employed in the document room were missing.

Governor Dix was aroused soon after 4 o'clock and remained in close touch with the firemen by telephone until the fire was declared to be under control. Practically all the state officials and many of the city officers were also on the ground.

The firemen had many narrow escapes. Several parties of them were trapped by flames in the corridors and rooms but got safely out. Chief Bridgeford and a squad came near being hit when a large section of the western cornice crashed down with a part of the roof and upper wall. Several firemen were overcome by smoke and many were made so ill that they had to seek fresh air.

The capitol, a gigantic structure of white granite with red capped towers stands perched upon the highest of the several hills upon which the city of Albany is built. It is 300 feet north and south by 400 feet east and west and covers three acres.

The first stone in the foundation was laid July 7, 1869. It was first occupied by the legislature on January 7, 1879. Writers upon architecture say that the white building with its towers reminds them of the famous Taj Mahal in India. Others call it a superb reflection of French architecture.

Half an hour after the fire was considered under control the flames broke out afresh in the ceiling of the assembly chamber. The firemen fought the blaze from the garret above but it proved so stubborn that they had great difficulty in finally controlling it.

Though the fire had been pronounced under control, the inside of the capitol on the upper floors of the west wing was still a seetihng mass of flames that sent billows of smoke spouting skyward and showered the surrounding sections with small particles of charred paper.

The grand western staircase, which was regarded as one of the most beautiful in the world, occupied the center of the western wing and consisted of an immense double stairway of sand stone elaborately carved. It was surmounted by a glazed dome which soon fell. It may have to be rebuilt.

State Commissioner of Education Andrew S. Draper said the state library contained 600,000 volumes, 400,000 pamphlets and 300,000 historical manuscripts.

Rocky Mount Woman Deserted by Husband

Mrs. Claud Pulley, a respectable looking young woman called at police headquarters yesterday and asked that she be given transportation to her home in Rocky Mount. Sergeant Jones got busy and soon collected the money required to make the trip. Mrs. Pulley told a pitiable story to the police. She stated that her husband had brought her here on Tuesday from Rocky Mount, coming here to seek employment. Her husband had deserted her early in the day and she was without funds or shelter for the night. She stated that she did not know where her husband had gone to; that he had told her that he secured employment at Pomona. The officers were unable to locate the man and it was decided to send her to her former home in Rocky Mount, where she stated she has relatives.

The Commissioners to Consider Gould Proposition Today

The County Commissioners will meet today for the purpose of inspecting the High Point road, recently covered with asphalt. The commissioners will also go to High Point for the purpose of considering the proposition made some time ago by George Gould regarding the madadamizing of the county road leading from High Point to the Asheboro road, the highway leading through Mr. Gould's hunting preserve. It will be remembered that Mr. Gould offered to donate $5,000 toward the cost of macadamizing the road, this being nearly half the entire cost. The proposition will most likely be accepted, provided the commissioners feel that they can do the work right away.

THE STAMP TAX AROUSES MILLERS

State Association will Test Legality of Law--New Officers Elected.

At the annual meeting of the North Carolina Millers' Association held in the parlors of the McAdoo hotel last evening a committee of leading millers of the state was appointed to take immediate steps to test the legality of the law requiring that stamps be placed on all feed products sold by millers throughout the state, the millers contending that the law is illegal, unjust and unconstitutional; that it was enacted for the sole purpose of raising revenue and not for the purpose of protection as the products are not inspected by government representatives at the mills prior to being stamped.

The committee, which is composed of W. M. Speed, Durham; O. P. Lutz, Lenoir; W. A. Watson, Greensboro; J. H. Walker, Reidsville; W. C. Tucker, Pleasant Garden; J. D. Grimes, Lexington; A. B. Horney, High Point; L. P. Henderson, Worry, will at once decide on the steps to accomplish their purpose.

The stamp tax was imposed during the 1909 session of the legislature and requires that the millers pay a tax of $20 on each ton of feed-stuff turned out by them. This tax amounts to several thousand dollars each year. None of the other big milling states have such a tax and the millers of North Carolina say that it is an unnecessary hardship on one of the large industries of the state. If other industries were so taxed then it would be a different matter, the millers say; neither would there be a kick if the tax was imposed for the purpose of raising funds to insure the prevention of the sale of adulterated food and feed products manufactured within or outside the state. This, however, they state, is not the case inasmuch as the feed is never inspected by an agent of the department of agriculture.

The meeting was called to order at 8 o'clock by the president, James D. McNeill, of Fayetteville, there being a representative attendance of the millers of the state, nearly every large mill being represented at the meeting. The legislative committee, composed of J. D. McNeill, Fayetteville; F. A. Sherrill, Statesville; W. M. Speed, Durham; A. B. Horney, High Point; W. A. Watson, Greensboro, and G. T. Crowell, Concord, reported through Chairman McNeill. Capt. McNeill told of the efforts made to have the recent legislature amend the law, but the matter was put off from time to time until it was too late. However, the committee succeeded in preventing even more drastic legislation against the millers. One of the new bills introduced would have a tax of $10 imposed on the millers for every brand of flour manufactured. This would have been a great hardship as some of the large mills manufacture a dozen or more

(Continued on Page Five.)

AMUSEMENT FOR OLD AND YOUNG

All Varieties of Fun at Elks Indoor Fair--Old Style Dancing Tonight.

Both old and young find plenty of amusement at the Elks Indoor Fair and each day the attendance grows larger and larger. For the young people there is the baby elephant, the fishing pond, the Katzenjammer kids and other forms of amusement that are most enjoyable. The older people also take to these forms of amusement, proving that they have not forgotten their boyhood and girlhood days.

Today is Pythian Day and the members of the various lodges of that order in the city will be the guests of the Elks.

The feature of the social side of the fair for tonight will be an oldfashioned square dance and Virginia reel, oldtime string music being rendered for the dancers. This will be followed by the regular dance, at which Hood's orchestra will furnish the music.

The lunch room and cafe have been well patronized by the business men and a large number of traveling men stopping in the city have secured meals at the club. Today the following ladies will assist in serving: Mesdames C. T. Lipscomb, M. W. Thompson, Frank Hood, J. A. Matheson, R. M. Rees, Whit R. Stone, F. J. Sparger, W. I. Underwood, Miss Kate Foushee. The menu for dinner will consist of roast chicken, rice, mashed potatoes, celery, ham, bread and coffee. For supper veal loaf, French fried potatoes, frankfurter sausages, rolls, biscuits, coffee, the price for each meal being 35 cents.

District Nurse.

To assist the public in securing the service of district nurse the following schedule is published: The nurse can be reached until 8:30 a. m. from 1 to 2 and from 7 to 8 p. m. by 'phone number 1421. At any hour all failing to get an answer from this 'phone, a message sent to 'phone 1040 will be delivered as soon as she returns home.

Railway Man Insane.

Pittsburg, Pa., March 29.—Securely bound with straps Dickinson McAllister, formerly president of the Metropolitan Eelevated Railway, of Chicago, was taken from a Panhandle railroad train here late yesterday afternoon and removed to a hospital after a battle with police officers and two of his friends.

It is said that McAllister was on his way from Chicago to Harrisburg in company with I. M. Jordan and John C. Hays, of Chicago. When the train was between Columbus and Dennison, Ohio, Mr. McAllister is said to have kicked the lights out of his state room, leaving the place in darkness, and was attempting to jump through a window when he was detected.

Advices from Chicago state that he has brooded since the family home at Harrisburg, to which he was attached, was sold.

RALEIGH PREPARING FOR USUAL HEATED MUNICIPAL CAMPAIGN

Raleigh, March 29.—It is definitely settled now that for the impending city primaries, to be held April 17, there will be practically the same set of candidates to oppose the present administration that was defeated by them two years ago, and the developments as to whether these defeated officials can "come back" at this time are being watched with the keenest interest. It is settled that James I. Johnson will stand again for mayor in opposition to Mayor Wynne. For police justice there are a number of candidates, including present Police Justice Alex Stronach. Thomas Badger, who suffered defeat at the hands of Stronach two years ago; W. P. Bachelor and S. L. Rotter, the old lines of battle being drawn between Stronach and Badger. Present City Clerk W. W. Wilson is being opposed by Harlie E. Glenn for that office. The lines in the aldermanic contest between the Democrats are drawn much as two years ago, when the most sensational campaign in history transpired. It is not expected that the Republicans will take any hand at all in the primaries as a party, leaving the fight entirely with the Democrats. A new phase of the situation is that the aldermen will this time be elected by the city at large instead of by the different wards.

Express Messenger Disappears — Also $50,000 Missing.

El Paso, Texas, March 29.—W. A. Hawkins, Wells-Fargo express messenger on the El Paso and Southwestern railway has mysteriously disappeared and officers of the express company state that $50,000 is also missing. The money is alleged to have been taken between Nogales, Ariz., and Mezatlan, Mexico, on March 20th, while Hawkins was employed on that run. The money was being slipped from Hermosillo to Mazatlan.

REQUISITION HONORED.

Richmond, Va., March 29.—A requisition was received at the office of Governor Mann yesterday from the Governor of North Carolina for the persons of Grover Ledbetter and E. C. Crouch, both of whom are wanted in Cleveland county, N. C., charged with trespass. The requisition was honored and the necessary papers delivered to Sheriff D. D. Wilkins, who left with his prisoners for Cleveland county last night.

Didn't See the President.

Washington, March 29.—George R. Buckingham, attorney for John R. Walsh, called at the white house today to make a plea to President Taft for the convicted banker. He did not succeed in seeing Mr. Taft, who sent word that he would send for Mr. Buckingham when he wished to see him.

It is understood that the president will not reconsider his intention to let Walsh and Morse serve their sentence.

WILL BUILD PLANTS TO MAKE FERTILIZER FROM THE AIR

Charlotte, March 29.—Eight German mechanics and experts, accompanied by an engineer, were in Charlotte today en route to Great Falls, S. C., where they go to assist in the construction of the plant being erected there by the Southern Power Company for the manufacture of nitrogenous fertilizers, the nitrogen to be taken from the atmosphere by an electro-chemical process invented by Dr. Albert Spaulding. With the exception of small plants for laboratory work, this will be the first establishment of its kind in America and it was unnecessary not only to import experts to install the plant, but also to order a large part of the machinery and equipment from abroad.

The Great Falls plant is being built to use 4,000 horse-power of electricity and it will be the first of two or three or possibly more plants to be built to manufacture fertilizer on a commercial basis. This first plant is being built largely for experimentation. The second plant will use 20,000 horse-power of electricity and will manufacture fertilizer on a large scale.

Other like plants may be built later, although it is the purpose of the Southern Power Company to perfect a small plant that will be suitable for installation on the large farms or by clubs of small farmers all over the Piedmont section of the two Carolinas, where electricity is available. This entire section is covered by the network of transmission lines of the power company, which during the winter or wet season has a large surplus of power. It is proposed that a special rate shall be made on electricity during this wet season, when all the hydroelectric plants will be in full operation, which will enable the farmer, by the aid of the small fertilizer plant, to manufacture his fertilizer at small cost right on his own farm and at a season when there is little else to do on the farm. The officials of the company expect that this will eventually become the greatest feature of the new process, notwithstanding the two or three or more big plants near the power plants.

THE GREENSBORO TELEGRAM
Published Daily Except Monday at 208 South Davie Street

J. T. FAIN - - - - - - - - - - - Editor.
H. G. BRAXTON, - Business Manager.

The Telegram's Phone is No. 59.

The Telegram is entered at the Postoffice in Greensboro, North Carolina, for transmission through the mails as Second Class Matter.

Just about the time bills for Easter millinery have been settled enterprising Amos Quito will be around to present his bill.

The best business a young man can give his attention to is his own business, and if he has none he should get a business of his own.

Postmaster General Hitchcock's plan to transport magazines by freight is a happy thought. Many of the magazines ought to be carried as freight and the classification should be low.

The national highway has been endorsed by President Taft, Roosevelt, Governor Dix, Mayor Gaynor and the city of Greensboro. Now let the procession proceed.

Harvard professor says anyone ought to be able to live on ten cents per day. Such suggestions have frequently been heard in the past, but the various food trusts of the country go right on thriving.

New York woman has discovered that men are greater gossips than women. Her male acquaintances have probably been trying to give her a line of talk calculated to interest a New York woman.

Martinsburg, Va., voted dry last Monday by a majority of 172 in a vote of 2,500. This is said to be the largest vote ever cast in Martinsburg. The campaign which resulted in the victory for the prohibitionists was a most remarkable one, and will mean that sixteen saloons will have to quit business.

THIS ADVERTISING PAYS, TOO.

Coca Cola is getting top of column position nowadays without cost for insertion or position, all on account of that federal court hearing in Chattanooga. Uncle Asa Candler and the bright young men who have helped him to make millions out of Coca Cola know the value of advertising as well as any living man, and they are doubtless wearing the smile that is difficult to efface.

By the way, is said that Asa G. Candler has amassed the greater part of a fortune of twenty million dollars through the sale of Coca Cola, and that his company's annual expenditure for advertising runs as high as $750,000.

What has made Coca Cola worth millions?

ADVERTISING!

Uncle Asa is welcome to this bit of advertising in the columns of The Telegram. He is one of the South's greatest business men and an honest, public-spirited citizen and devout Methodist. His method of relieving his conscience when it condemns him for having too much wealth is equally as commendable as that of Andrew Carnegie. Uncle Asa gives his money to the Methodist denomination and Mr. Carnegie builds libraries.

ECONOMICAL ADMINISTRATION OF GOVERNMENT IS DEMOCRATIC POLICY.

The Democratic party has always advocated economical administration of the federal government. The Republican policy has been to carry expenditures beyond the government's income, to convene billion dollar Congresses and to make vast appropriations, many of them extravagant and unnecessary, without consideration of the question of income or of the fact that these vast sums for government expenses must be wrung from the people in the form of indirect taxation, which is just as burdensome as direct taxation if it is excessive and unjust. The fact that federal expense money is collected through indirect channels, mainly through the exactions of high tariff laws, has for years been the only thing standing between the Republican party and the storm of condemnation its extravagance merited. The people who were being robbed through tariff manipulation, for the benefit of government and to enrich private, privileged interests, did not realize that they were being exploited because of the indirect manner in which this exploitation was being carried forward.

At last, the people seem to have awakened to the real condition of affairs, and the result is the widespread and compelling demand for tariff revision downward, a demand which is almost as clamorous in Republican ranks as in the ranks of Democracy.

Tariff revision and economy in government expenditures should go hand in hand. The facts are, however, that under Republican high tariff and exploitation, so great proportion of the money wrung from the people has gone into the coffers of the concerns for whose benefit this system has been maintained, that expenses have been millions in excess of the government's income, and have been steadily growing greater.

Figures and facts presented by the Baltimore Sun disclose the true situation in regard to the government's expenses and the crying need for the inauguration of an era of retrenchment and economy in expenditures. The Sun believes the Democrats will find a way to reduce expenses. The party is and has always been pledged to that policy, instead of the policy of reckless and riotous extravagance. If the party policy is carried out, the government's expense account will be reduced. It can be done by cutting off grafting, by cutting off employes who are not needed and by a business-like system of retrenchment such as would be the logical course pursued by any business concern aware of the fact that its expense account had grown greater than its receipts.

The Baltimore Sun says with reference to this matter:

"The United States Government receives annually from all sources about $930,000,000. Congress has made appropriations for the next fiscal year aggregating $1,025,489,662. Thus the Government is spending about $95,000,000 more than its income. This has been the case for a number of years past. Part of this is to be charged up to the Panama canal, which has cost from $30,000,000 to $45,000,000 a year; but if we subtract the entire cost of canal construction, the expenditures are still greater than the receipts.

"This condition cannot continue indefinitely. That the Government in a time of profound peace, when there is no reason for any vast expenditure except on account of the canal, cannot keep within its income can be explained only on the score of reckless extravagance. Statistics show that in 1896 the total number of Government employes was 178,717; in 1911 it has reached 411,322. The appropriations each year have mounted in the same time from $303,917,911 to far more than a billion dollars a year.

"Champ Clark and the Democrats contend that this state of affairs needs thorough investigation, and they propose that the various committees of the House shall make an inquiry into every department to find where and how the money is spent. President Taft himself realizes that there has been extravagance and mismanagement, and he has attempted to ascertain the cause by having experts go into the methods of the various departments. He has made a number of changes in the Treasury, the Bureau of Printing and Engraving and the Department of Commerce and Labor, and Mr. Hitchcock has succeeded in reducing the postal defict. But these economy plans have not been thorough enough to secure the results demanded.

"Sweeping changes in methods and personnel seem to be needed to put the executive departments on a business basis. But Congress itself is responsible for no small portion of this extravagance. The river and harbor and public building appropriations in "pork-barrel" bills, the reckless voting of pensions by the million and the greed of "local interests" account for immense sums. If the Democrats succeed in devising some plan that will keep appropriations strictly within the limits of the revenue, they will have taken a long step toward true economy. The Republicans boast that they are "spenders." The Democrats can make a strong impression upon the country by making a reputation as "savers." High tariff, high prices, high taxes and high appropriations should come down together, and that "revision downward" should help to reduce the "high cost of living" which troubles the consumer. Private citizens have to economize when they have been living beyond their means. The Government may as well get into the habit of doing the same thing."

Prohibition Prohibits. There.

Xenia, O., March 29.—Farmers took the law into their own hands and raiding the "blind tigers" at Yellow Springs, captured twenty alleged bootleggers, who will be tried today.

It Is Ever Thus.

Washington, March 29.—Government officials today discovered that a $40 a month negro laborer in the bureau of printing and engraving was lending money at usurious rates to $10 a day printers.

Opens Police Court With Prayer.

Akron, O., March 29.—Police court was opened with prayer here by Evangelist Smith, who prayed for the thirty prisoners, the mayor, the police and the newspaper reporters present.

Groom Lost His Nerve.

Cleveland, O., March 29.—Wellington Davis, a vaudeville juggler, lost his nerve when about to be married to Miss Marie Loplant, his partner in the act, and jumped through a glass door. He is now in the hospital but still unmarried.

ACT PROVIDING FOR CENTRAL HIGHWAY ACROSS THE STATE

The act passed at the recent session of the Legislature, providing for the construction of a central highway across the state from Beaufort harbor to the Tennesse line in Madison county, is one of great interest to all friends of the good roads movement. The entire act is, therefore, published entire for the information of readers of The Telegram. It is as follows:

The General Assembly of North Carolina do enact:

Section 1. That there shall be established in the manner hereinafter provided a public Central Highway, extending from some point on Beaufort harbor, in the county of Carteret, through the counties of Carteret, Craven, Jones, Lenoir, Wayne, Johnson, Wake, Durham, Orange, Alamance, Guilford, Davidson, Rowan, Iredell, Catawba, Burke, McDowell, Buncombe, and Madison, to some point on the Tennessee State line. That the said Central Highway shall be composed, as nearly as practicable, of roads already existing; and the Highway Division of the North Carolina Geological and Economic Survey is hereby charged with the duty of selecting and designating the route of the said highway and to report the route so selected and the roads so designated to the board of trustees hereinafter provided for; and shall also report to the board of commissioners of each county through which the said highway shall pass the route or line of road designated through such county. The duties impossed by this act upon the Highway Division of the North Carolina Geological and Economic Survey shall be considered as a part of its official duties, without additional compensation.

Sec. 2. That for the purpose of putting said Central Highway in order, the boards of county commissioners of each county through which the said highway shall pass are hereby authorized and empowered to appropriate out of the general county funds a sum not exceeding fifty dollars ($50) for each and every mile of said highway in such county, and each city or town through which said highway may pass is likewise empowered to appropriate out of its general funds a sum not exceeding one hundred dollars ($100); but if such town shall have a population in excess of one thousand persons, as ascertained by the United States census of one thousand nine hundred and ten, such town may, for such additional one thousand inhabitants as shown by said census, appropriate an additional sum of twenty-five dollars ($25) for each and every thousand of population in excess of one thousand. That all funds appropriated by any county be spent within said county and under the authority of the board of commissioners of said county; and any funds appropriated by any city or town shall be expended within the county in which said city or town shall be located, and under the authority of the board of aldermen or other governing body of such city or town.

Sec. 3. That in addition to the appropriations hereinbefore authorized, the board of commissioners of the counties through which the said Central Highway shall pass are hereby authorized and empowered to use the road force of such county, whether it be hired or convict, upon the said highway to such an extent as, in the opinion of the board, may be practicable. And where there be no road force in a county, the supervisor of roads shall, as far as possible, use the means available in constructing and maintaining this said Central Highway, co-operating as far as practicable with the board of trustees hereinafter provided for.

Sec. 4. That there is hereby created a Board of Trustees of the Central Highway, to be composed of one (1) member from each county through which the said highway shall pass, who shall serve for a term of four (4) years from and after the first Monday in April, one thousand nine hundred and eleven, and until their successors shall have been appointed and have qualified. That the following named persons are hereby appointed members of the Board of Trustees of the Central Highway for a period of four (4) years from and after the first Monday in April, one thousand nine hundred and eleven, and until their successors shall have been appointed and have qualified, to wit: G. D. Canfield of Carteret, William Dunn of Craven, J. H. Bell of Jones, J. F. Hooker of Lenoir, G. C. Royall of Wayne, James A. Wellons of Johnston Dr. J. M. Templeton of Wake, Dr. A. Cheatham of Durham, H. M. McIver of Orange, Capt. S. H. Webb of Alamance, Clem G. Wright of Guilford, H. B. Varner of Davidson, P. B. Beard of Rowan, R. R. Clark of Iredell, R. L. Shuford of Catawba, W. E. Walton of Burke, W. T. Morgan of McDowell, E. C. Chambers of Buncombe, and Thomas J. Murry of Madison. That the said trustees of the Central Highway shall be notified of their appointment and shall meet in the city of Raleigh, in the rooms of the Department of Agriculture, on the twentieth day of April, one thousand nine hundred and eleven, for the purpose of organization; and the Commissioner of Agriculture shall notify each member of the said board of trustees of the time and place of said meeting, and shall himself act as temporary chairman in calling together the board of trustees, and shall serve as such until a permanent chairman shall have been elected. And the said board of trustees at this meeting, or at any subequent meeting, may appoint such local committees or boards of directors for all or any of said counties as it may think proper, and impose upon such local committees or directorates the duty of conferring with the boards of county commissioners and other road authorities in constructing and maintaining said highway in their respective counties. Said board of trustees is hereby authorized to appoint an executive committee, of not less than three (3) members; and this executive committee shall have all such powers as the said board of trustees may confer upon it; and the board of trustees is authorized to repose in said executive committee all or any part of the powers vested in said board of trustees by this act. The board of commissioners of each of the counties through which the said highway shall pass is authorized and empowered to elect a successor to the member of the board of trustees from such county in case a vacancy shall occur; and in case a vacancy shall occur before the expiration of the term of office of the member from such county, the board of commissioners shall elect a successor, who shall hold office for the unexpired term of such retiring member. On the first Monday in March, one thousand nine hundred and fifteen, and quadrennially thereafter, the board of commissioners of each county through which said Central Highway shall pass shall elect its member of the board of trustees of the Central Highway.

Sec. 5. That the Board of Trustees of the Central Highway, and their successors in office, shall constitue a body corporate and shall have power to solicit and accept gifts of money, machinery, road materials, labor, or other things of value to be used and expended by the said board of trustees, under the direction of the proper road authorities of the counties or townships, in establishing, maintaining, and improving said Central Highway as a public thoroughfare for the free and perpetual use of the public; and it shall have power to use all gifts and donations in improving the said Central Highway without regard to the county or locality. It shall also encourage and stimulate public interest in the maintenance of said highway and send representatives before any board of commissioners or other governing body of any county, city, or town to ask for appropriations of money to be used in each county, and also to advise and recommend the holding of elections to vote special taxes to be used in the construction and maintenance of said Central Highway. It shall also have power to arrange with and authorize the donation and testing upon the said highway of any improved systems of road building or dressing. It shall also have power to designate one day in each year to be known as "Road Day," on which day voluntary contributions in labor or other things of value shall be accepted to the end that the funds regularly appropriated may be supplemented by the volunteer offerings of the people and by the volunteer work of those who prefer to contribute labor rather than money. The said "Road Day" need not be uniform throughout the State, but shall be uniform throughout each county.

Sec. 6. That the counties and municipalities authorized to appropriate funds for the construction and maintenance of said Central Highway under section two of this act are hereby authorized to make appropriations not exceeding the sum prescribed in said section each and every year hereafter, which sums shall be used in the improvement and maintenance of said Central Highway.

Sec. 7. That the Secretary of State is authorized and directed to have printed two thousand (2,000) copies of this act as soon as practicable after its ratification; and that twenty-five (25) copies of the same shall be furnished to the register of deeds of each county through which the said highway shall pass, for distribution therein; ten (10) copies of the same shall be furnished each Senator and Representative from such counties; one thousand (1,000) copies furnished to the board of trustees of said Central Highway, and the remainder kept for public distribution.

Sec. 8. The members of the board of trustees shall not be considered to be public officers, and shall not be required to take an oath of office, and shall receive no compensation for their services out of any funds arising under this act; but any county, city, or town may provide for the payment of the necessary expenses of its own members of said board of trustees.

Sec. 9. The said board of trustees shall elect a secretary and a treasurer, or it may combine those duties and impose them on one person. Accurate accounts of all proceedings and of all receipts and expenditures shall be kept, and a report made to the Governor at the end of each calendar year.

Sec. 10. That this act shall be in force from and after its ratification.

Ratified this the 7th day of March, A. D. 1911.

NEWSPAPER OPINION.

Electric Power Development in the South.

George Westinghouse, the great electrical authority, in his address at the Atlanta Commercial Conference pointed out the almost limitless water power in the South and predicted that its development would make that a busy, populous, manufacturing section. This prediction will soon be made a reality for a large part of the two Carolinas.

J. B. Duke, B. N. Duke and the capitalists of the Southern Power Company have been acquiring large water powers for the past ten years and now have enough developed to run factories and street cars and light towns and cities over hundreds of miles. The announcement that they were planning to construct one of the most extensive electric railways in the country was quickly followed by the award of the contracts. Charlotte, N. C., is to be the center of the system. Nearly half the cotton mills in the entire South are within a radius of a hundred miles of that thriving city, and there are prosperous manufacturing towns of from 5,000 to 10,000 inhabitants all around it. The southern division of the new electric road will run via Gastonia and King's Mountain, N. C., to Spartanburg, Greenville, Anderson and Greenwood, S. C. Another line is said to be projected from Charlotte to Greensboro, Durham and Winston-Salem, which will link together such growing towns as Salisbury, Spencer, Lexington, High Point, Burlington, Haw River and Graham. Work is to be begun at once on the section from Charlotte south, and a Baltimore firm has been given the contract for the grading on the thirty-four-mile section to King's Mountain, while Oliver, of Knoxville, is to build ninety-five miles of the line.

This is no paper project, backed by committees, resolutions and hopes, but it has behind it millions of capital, enterprise and a group of men who do things on a big scale. The Dukes themselves are natives of North Carolina, and this is a Southern enterprise conducted by Southern men and backed with their money. They evidently realize the immense possibilities of their section.—Baltimore Sun.

Kills a Murderer.

A merciless murderer is Appendicitis with many victims, but Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing Constipation, Headache, Biliousness, Chills, 25c. at Fariss-Klutz Drug Co.

"Ever hear the story of the eggs that had been in cold storage for ten years?"

"No."

"Decade."—Chicago Tribune.

A Fierce Night Alarm

is the hoarse, startling cough of a child, suddenly attacked by croup. Often it aroused Lewis Chamblin of Manchester, O., (R. R. No. 2) for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. Asthma, Hay Fever, LaGrippe, Whooping Cough, Hemorrhages fly before it, 50c. and $1.00. Trial bottle free. Sold by Fariss-Klutz Drug Co.

He—If I should kiss you, I suppose you'd go and tell your mother.

She—No, my lawyer.—Boston Transcript.

FOLEY KIDNEY PILLS

Neutralize and remove the poisons that cause backache, rheumatism, nervousness and all kidney and bladder irregularities. They build up and restore the natural action of these vital organs. Howard Gardner.

"Have you any serious trouble with your new automobile?"

"Not a bit. So far I haven't hit a single man without being able to get away before he got my number."—Cleveland Leader.

How's This?

FRECKLES GONE

"Simple Remedy from Howard Gardner Removed Them," Says Society Lady.

"The best skin specialists told me that nothing would remove my freckles and that I would carry them to my grave," said a well known society woman, "but Ifooled them all with new drug, othine—double strength, that I bought at Howard Gardner's which completely cleared my skin and gave me a fine complexion."

The action of othine is really remarkable, for when applied at night, many of the freckles disappear entirely by morning, and the rest have begun to fade. An ounce is usually all that is needed, even for the worst case.

Be sure to ask Howard Gardner for the double strength othine, as this is sold under a guarantee of money back if it fails to remove the freckles.

Over Half-Century.

The Store That Appreciates Your Business

Warning!

It has been brought to our notice that there are unscrupulous piano salesmen and tuners in this section who call on our customers, trying to have them become dissatisfied with their purchase. In some instances we have removed pieces of piano wire, tacks and glue from the piano. If you allow anyone other than an authorized tuner or representative of ours open your piano, we will not hold ourselves responsible for any damage done thereto.

Cheek-Huston Piano and Organ Co.,

324 South Elm St. Greensboro, N. C.

Be Sure It Is A Cable

Unscrupulous piano salesmen and tuners of this section have not the ability or enough of the confidence of the public to dissatisfy a Cable owner. We are glad to have salesmen or tuners open Cable pianos and show the customer any defects of the instrument. It is scientifically constructed and any purchaser will see that it is a piano built to last a lifetime.

We have never had any complaints from a purchaser of a Cable piano that they had found broken strings or glue that the manufacturer had left in the piano; neither do we find tacks, as the Cable action is not tacked together. The unscrupulous piano men of this section have never been able to dissatisfy the owner of a Cable piano.

Milady's Mirror

True Beauty.

Beauty rides on a lion. Beauty rests on necessities. The line of beauty is the result of perfect economy. The cell of the bee is built at that angle which gives the most strength with the least wax. The bone or quill of the bird gives the most alar strength with the least weight.

"It is the purgation of superfluities," said Michelangelo. There is not a particle to spare in natural structures. There is a compelling reason in the uses of the plant for every novelty of color or form, and our art saves material by more skillful arrangement and reaches beauty by taking every superfluous ounce that can be spared from a wall and keeping all its strength in the poetry of columns. In rhetoric this art of omission is a chief secret of power, and in general it is proof of high culture to say the greatest matters in the simplest way.—Emerson.

Recipe For Beauty.

If you have a hurry call to be beautiful without the time to work up to the permanent affair here's your chance: First wash your face with warm water and almond meal. Make a sort of paste of those things and wash off with warm water and dry lightly. Then apply your skin food lest there be any reaction from the drastic treatment to follow. Now take a piece of lemon and rub it over the face till the skin smarts. Rinse again, this time with water that is gradually brought down from cool to cold.

You are then ready for the final ceremony. Hold a good sized piece of ice in a towel and iron your face with it. Then look in the glass. This has been found an absolutely reliable recipe before asking for the coveted new bonnet.

Viscountess Wears Huge Earrings.

Viscountess d'Azy, wife of a distinguished French naval officer, who recently was in Annapolis, wears rings in her ears which are round and large as a silver half dollar. She has a seemingly endless variety of these huge ornaments, certain ones Tuscan gold set in rubies, others diamonds and aluminium, others pearls and emeralds in filigree old gold. One of the most bizarre combinations is worn with a costume of cerise satin and mechlin lace and shows three pigeon blood rubies depending one over the other in a hoop of thin Tuscan gold. There are similar ornaments on her bodice and a big belt buckle in the back made in the same way. Six hatpins of exact design as the earrings adorn the big black beaver trimmed with cerise plumes and a bird of paradise.

HEALTH AND BEAUTY.

The egg shampoo is one of the best to be obtained. It is cleansing and at the same time provides food for the scalp and hair, making it fine and glossy.

Use may be made of the almond meal jars and cream jars of good size by filling these with medicated cotton, which is employed for applying powder and liquids for the toilet use.

Excellent for sprains is the starch poultice. Pour boiling hot water on starch, spread on linen and apply hot. Poultices may also be made of hops, hemlock or charcoal. Medicated poultices may contain any drug ordered.

If instead of drinking a strong cup of tea or coffee when suffering from a bad headache a woman would drink a cup of hot milk she would be more apt to cure the pain, not because hot milk has medicinal properties, but because it is more easily digested than tea or coffee and soothes instead of stimulates the nerves.

A clear, healthy complexion is an impossibility for a woman who stays much indoors in winter. Women should understand that the pores as much as the lungs need fresh air, and failure to give it will simply make them larger in their effort to breathe. The fact of living in badly ventilated rooms is frequently the cause of large pores in the face.

In bathing the hands tepid water and a bland soap should be used, and always dry them thoroughly. If they are inclined to chap it is a good plan to use a lotion composed of glycerin, one ounce; rosewater, one ounce, and tincture of benzoin, five drops. Rub a few drops into the hands whenever they are bathed. Use also before retiring and draw on a pair of large, soft gloves.

People who are told to use smoked or colored glasses in the house sometimes find this impracticable because they interfere so greatly with vision. This objection does not apply to ordinary white glass set in cuplike frames so shaped that they cut off all light save that which comes from the front. The protecting part may be of wire gauze, vulcanite or such like. Glasses to suit the vision may be set in such frames, and the latter, even without the glasses, are of use when one reads by a light placed at the right or left of the head. Another good protection for the side of the eye is a pair of lensless spectacles with hinged side pieces of black glass.

ALIQUID AMARI.

I HEARD a sailor singing as he leaned
against the shrouds.
The ocean fled beneath him, and above
him flew the clouds,
And the breezes moaned in answer,
and the voices of the main
"However happy love may be, the core of
love is pain."

The breezes learned the burden and murmured to the land.
The sailor's wife was sitting in her cottage by the strand,
And when she heard them whisper her
heart replied again,
"However happy love may be, the core of
love is pain."

They left the woman weeping and hurried
to the town,
Where gallant lads and ladies were walking up and down.
To each they told their message, and all
confessed it plain—
"However happy love may be, the core of
love is pain."

Then hearken, all ye lovers! Be mindful
when ye meet
To promise naught or little ere this proverb ye repeat.
Ye surely shall have proof thereof; ye
shall not speak in vain—
"However happy love may be, the core of
love is pain."

—Francis Money-Coutts.

With Devoe $30
With other Paints $50
Two Houses—Same Size
When you paint your house bear in mind what a gallon costs, $5; look out for your gallons.
Shut your eyes to everything else but gallons. Look out for nothing but gallons.
Example
10 gallons another paint, put-on costs $50
6 " Devoe, " " 30
Devoe saves $20
And the paint that takes 6 gallons will wear a third longer than the paint that takes 10. Look out for the gallons.

TWO BEAUTIFUL HOMES AT AUCTION.

Whitsett is a beautiful and flourishing town in eastern Guilford, with a large boarding school, Whitsett Institute, with 250 students yearly. There are three churches, two good stores, livery, local and long distance telephones, etc. There are numbers of handsome and elegant homes in the place, and the town is growing rapidly. It is surrounded by a fine country with good macadam roads. No more progressive or beautiful place need be wanted for a delightful home.

Here's an opportunity for some one. On next TUESDAY, APRIL 4th, at 2 p. m., I will sell at public auction at Whitsett, Lacey Summers' handsome residence, with 1 1-4 acre lot. House contains seven rooms, and is one of the prettiest home places in the village.

I will also sell at the same time and place, D. E. Knight's commodious nine room residence, with an acre lot. Both places have the finest water and the best varieties of fruit and shade trees, which cannot be excelled anywhere. If you want a nice home in a thriving town where you can educate your children at the best school, here's your chance to get one at a bargain. Don't forget the date—Tuesday, April 4th next—will absolutely be sold to the last and highest bidder. Terms will be made to suit purchasers. Music by first-class brass band and we are expecting thousands of farmers to make it a big day. Free transportation will be furnished from Greensboro. Sale will be conducted by the Piedmont Realty & Auction Co., R. L. England, Auctioneer and Manager.

3-29-3t. Wed-Sun-Tues.

Latest News of the North State Capital

(Continued from Page One).

Governor Kitchin as an additional clerk authorized by the recent legislature, he having received the appointment from Governor Kitchin some days ago. He was educated at Oak Ridge Institute and has done clerical work in Jacksonville since he came out of school.

Governor Kitchin grants a conditional pardon for J. W. Limerick, Cleveland county, who has served one year of a seven year sentence for stealing a horse. The governor explains that there was a question at the trial as to whether the prisoner intended to steal a ride or the horse, the jury finding the horse theft was his intention. The judge, the solicitor and many citizens ask for the pardon. He has to his credit good prison behavior and aid that he rendered at one time in preventing the escape of other prisoners.

UNIVERSITY NEWS.

Chapel Hill, N. C., March 29.—The Elisha Mitchell Scientific Society met last week in the chemistry building with about thirty-five members present. There were to have been presented to the society two papers, one by Prof. William Cain and the other by Prof. Vernon Howell. To the great regret of all the members Prof. Cain was unable to attend on account of illness. For this reason only the paper of Prof. Howell was presented to the society, however, the general opinion seemed to be that was one of the best of the year. Prof. Howell's subject was "Opium."

On Tuesday night Mr. Maximillan Loch, of New York City, the founder of the Loch Fellowship in the department of chemistry, delivered a lecture on "Permanent Artistic Painting." The lecture was fully illustrated by lantern slides and experiments which added greatly to the interest of it. This was one of the most interesting lectures that has been delivered here in some time.

The Dramatic Club held its annual business meeting last week in Gerrard Hall for the purpose of electing officers and transacting other business. The new officers elected were: President, Joel McAden; vice president, John C. Busbee; secretary, Richard Wharton; business manager, W. S. Beam; assistant business manager, W. E. Craver. A constitution was adopted which places the club on a definite, well organized basis instead of the haphazard organization existing heretofore. The selection of a coach was left over until next fall. No other pay is to be attempted this year.

The many friends of Prof. Horace Williams will regret to learn that he is quite sick with an attack of grippe. He has not been able to meet his classes in several days and so far has shown no great improvement. This is the first time in twenty years of Prof. William's service here that he has missed more than one day in succession from his classes.

No Trouble at New Laredo.

Washington, March 29.—The state department today denied that there had been any trouble between Mexicans and Americans at New Laredo. According to statements made by the department today, Consul Alonzo B. Garet, who is stationed at New Laredo, has not communicated regarding any trouble.

Much Money Spent to Elect Lorimer Declares Publisher

Springfield, Ill., March 29.—H. H. Kohlsaat, publisher of the Chicago Record-Herald, told the Senate investigating committee today that he knew $100,000 had been used to procure the election of William Lorimer to the United States Senate. He then refused to give the committee the source of his information, notwithstanding that the committee has the power to imprison him because of his refusal.

"Would you denounce any citizen who takes the stand you have taken here?" asked Senator Burten.

"Any man who will violate a confidence is not worth a snap, I would not let my court reporter violate a confidence. No newspaper man can violate a confidence. That is my code of morals," replied the publisher.

The committee then went into an executive conference.

Before he was excused Mr. Kohlsaat was informed by the committee that its members had agreed that he must answer the questions regarding the money.

Washington, March 29.—Denial was made here today by friends of President Taft of the report from Springfield, Ill., that Mr. Taft had joined with Senator Aldrich in urging the election of William Lorimer to the United States Senate.

Edward Hines, a Chicago lumberman, with big interests in the South, at the Lorimer hearing in Springfield yesterday testified that Senator Aldrich had told him that Mr. Taft was anxious that Mr. Lorimer be elected.

WOMEN MAY NOT SPEAK

Bishop Doane Quotes Bible In Support of Decision.

Albany, N. Y., March 29.—Bishop William Croswell Doane has refused to permit Mrs. Elizabeth B. Grannis, president of the National League for the Promotion of Purity, to speak in All Saints' Cathedral at the convention of the Purity League, which was to have been held here today. In refusing Mrs. Grannis permission to speak, Bishop Doane quoted from the Bible. I. Corinthians, xiv. 34:

"Let your women keep silence in the churches, for it is not permitted unto them to speak."

Speaking of the affair, the bishop said that when he gave the league the right to hold the convention in the cathedral he was under the impression that Rev. J. Aspinwall McCuaig, the New York reformer, was to speak.

The meeting of the league will be held in New York, where Mrs. Grannis will address it.

W. B. BOGART DIED EARLY THIS MORNING

William B. Bogart died this morning at 12:45 o'clock at his home, 406 Church street, following an illness of about 10 days. Death was caused by pneumonia. The funeral will be held from the First Presbyterian church Friday afternoon at 4 o'clock, conducted by the pastor, Rev. Melton Clark, assisted by Rev. Thos. G. Faulkner, rector of Holy Trinity.

Mr. Bogart was 72 years of age, being born in Edenton, N. C., in 1839. He came to Greensboro in 1862 and had made this city his home since that time, being for years engaged in the mercantile business.

When the Civil war broke out Mr. Bogart entered the Confederate army and served for some time as captain. His health failed however, and he was transferred to the commissary department, in which he served during the remainder of the war.

Mr. Bogart had for years been a member of the First Presbyterian church and at the time of his death was a member of the board of deacons. He is survived by his wife and two sons, Wm. F. and Clarence B. Bogart, of this city.

Communications

Pioneer Day At Zion Sunday School.

The Zion Sunday school, a short distance from the Piedmont car line, will celebrate Pioneer day on next Sunday. We earnestly request all old people who possibly can to be with us and tell us where you first went to Sunday school, how it was conducted and whether you received any benefit from attending the Sunday school and anything else you may wish to tell us in regard to Sunday school work. Come and be with us and help us make it a profitable service. Sunday school will begin at 2 o'clock, the special service at about 2:45. J. W. Zink, Supt.

Republican State Chairman John Motley Morehead was in the city yesterday afternoon, leaving last night for his home in Spray.

The "No-Sag" Handbag

The only bag that will not sag or bulge at the bottom. No matter how heavy the weight of the bag's contents, it maintains its shape permanently. The "No-Sag" bag comes in all the new shapes and mountings. It costs no more than the ordinary kind. Look for the name.

A Little Want Ad Will Save You Many a Step.

FALLEN IN THE PHILIPPINES.

STREETS of the roaring town.
Hush for him, hush, be still!
He comes, who was stricken down
Doing the word of our will.
Hush! Let him have his state;
Give him his soldier's crown;
The grists of trade can wait
Their grinding at the mill.
But he cannot wait for his honor now
the trumpet has been blown.
Wreathe pride now for his granite brow,
lay love on his breast of stone.

Toll! Let the great bell toll
Till the clashing air is dim.
Did we wrong his parted soul?
We will make it up to him.
Toll! Let him never guess
What work we set him to.
Laurel, laurel, yes,
He did what we bade him do.
Praise and never a whispered hint but
the fight he fought was good;
Never a word that the blood on his sword
was his country's own heart's blood.

A flag for the soldier's bier
Who dies that his land may live.
Oh, banners, banners here,
That he doubt not nor misgive;
That he heed not from the tomb
The evil days draw near
When the nation, robed in gloom,
With its faithless past shall strive.
Let him never dream that his bullet's
scream went wide of its island mark,
Home to the heart of his darling land
where she stumbled and sinned in
the dark.

—William Vaughn Moody.

HYMN TO THE SUN.

THOU who dost kiss away the dew
that lies
Like hidden tears on each small
grassy blade,
Who with ethereal colors canst
disguise
Into a host of golden butterflies
The almond blossoms fluttering as they
fade;

O gracious sun, to whom each darling
flower
Doth owe the ripened honey of its cup,
Who findst the way to every peasant's
bower,
Dividing in a trillion parts the dower
That still in one great sphere is treasured up;

Glory to thee, O sun, upon the lawn,
On portal and on meadow and on vine,
In eye of lizard and on wing of swan,
O thou who hast with magic pencil drawn
Each fine detail and every sweeping line!

To deck the air with roses, make us see
Flames in the springs, in every bush a
Lar,
To apotheosize a gnarled tree—
Is thine, O sun, without whose alchemy
Things would indeed be only what they
are!

—From "Chantecler."

Women and Society

Reviewers' Club To Meet.

The Reviewers' Club will meet with Mrs. Robert Murray Friday afternoon at 3:30 o'clock. All members are asked to be present.

Belles-to-be Entertained.

Miss Nell Glenn entertained the Belles-to-be club yesterday afternoon at her home on North Elm street. The occasion was in the nature of a bridge party and proved most enjoyable to the young ladies present.

Lady Maccabees To Meet.

The Lady Maccabees will meet with Mrs. J. R. Thomas, East Market street, Thursday afternoon at 3 o'clock. Every member is urged to be present as past supreme commander, Mrs. Elizabeth Brown, of Bradford, Pa., will be present at the meeting.

Marriage Announced.

Announcements reading as follows have been issued:

"Mrs. J. L. McClamroch announces the marriage of her daughter, Josephine, to Mr. Ed von Knopke, March 1, 1911. At home in Champaign, Ill."

Recital at G. F. College.

Miss Linnie Mann, of Greensboro Female College, will give a post graduate recital in piano Friday evening at 8:30 o'clock in the college auditorium, assisted by Miss Neff, of the music faculty. The public is cordially invited to attend.

R. E. Williams Married.

R. E. Williams, the foreman for the Southern's repair shops here, left yesterday afternoon for Central Falls, where last night he was united in marriage to Miss Voila Hicks, a popular young lady of that place. Mr. and Mrs. Williams will pass through Greensboro today enroute to Knoxville and other places on their wedding trip. They will reside in Greensboro.

Women Discuss Hygiene.

At yesterday's meeting of the Home and School Council interesting papers were read by Mrs. W. I. Underwood on "The Nervous System," and by Mrs. Mendenhall on "Worry—Its Causes and Prevention." Both addresses were timely and contained much advice of a practical nature. A general discussion followed. The council is at present discussing hygiene, this being the first meeting since the course was decided upon. There was a good attendance and the meeting was most enjoyable one. The meetings are held on the last Wednesday of each month. Two new members were added at yesterday's meeting.

Miss Flossie Westmoreland is quite sick at her home on Chapman street.

Mrs. L. I. Harris and daughter, Miss Berlie, have returned from a visit to Mrs. Harris' daughter, Mrs. S. B. Demy, of Stokesdale.

Mrs. A. A. Wells, of Winston-Salem, is in the city on a visit to relatives.

Miss Sue Brooks, of Ramseur, is the guest of Mrs. W. H. Matthews.

Miss Ida Nichols has returned to her home in Winston-Salem, after a visit to Mrs. S. A. Watkins.

Mrs. Martha L. Ure and Mrs. Clifford Bockeren, of Newark, N. J., are visiting Mrs. George F. Ross, Market street.

Miss Addie Arnette, who has been visiting her brother-in-law and sister, Rev. and Mrs. K. C. Horner, left today for Asheboro and Candor, where she will visit friends and relatives before returning to Lumberton.

Mrs. L. K. Stanton of Winston-Salem was in Greensboro yesterday.

Miss Lillie Shore of Winston-Salem was a visitor to Greensboro yesterday.

Mrs. W. T. McCuiston, of Greensboro, passed through the city this morning en route to Pinnacle to visit her parents and attend the closing exercises of the high school there. Mr. and Mrs. McCuiston were residents of Winston-Salem for some time before their removal to Greensboro more than a year ago.—Winston-Salem Sentinel.

Mrs. C. C. Coddington will have as her charming guests at her home on South Tryon street the last of the week, Mrs. W. A. Hewitt, of Greensboro, and Mrs. R. G. Sloan, of Atlanta. Mrs. Hewitt and Mrs. Sloan have frequently visited here and have a host of friends in the city.—Charlotte Chronicle.

Miss Ersell Freeman is expected home today from Brim, N. C., where she has been principal of the graded school. She will be accompanied by her sister, Miss Bertie, who has been visiting her.

The Stamp Tax Arouses Millers

(Continued from Page One).

brands, practically the same.

The following officers were elected:

President, Jas. D. McNeill, Fayetteville.

First vice president, W. M. Speed, Durham.

Second vice president, O. P. Lutz, Lenoir.

Secretary-treasurer, A. B. Horney, High Point.

Directors: Jas. D. McNeill, G. T. Crowell, Concord; F. A. Sherrill, Statesville; W. A. Watson, Greensboro; J. D. Grimes, Lexington; W. C. Tucker, Pleasant Garden.

Capt. McNeill was asked regarding the working of the present law against which the millers are protesting and he said:

"We wish it distinctly understood, that we stand squarely and firmly in favor of a law that will prevent the sale of adulterated food of any description, either for human or stock consumption, by anybody, either from within or without the State. However, the present law was enacted, not so much for the better inspection or protection, but for the purpose of raising revenue for the Agricultural Department.

"The actual provisions of the present law are such, that no man can possibly honestly comply with it and do a milling business, in that he has to personally guarantee every package he sells to contain a 'certain percentage of crude fibre, a certain percentage of crude fat and of crude protein and the percentage of carbohydrates, allowing one per cent. of nitrogen to equal six and a quarter per cent. of portein, all four constituents to be determined by the methods in use at the time, by the Association of Official Chemists of the United States;' while the actual fact is, that neither the average miller or citizen, knows any more about the above constituent parts, than does a Chatham county rabbit.

"The law is an unjust and a discriminating one, in that it requires a revenue stamp tax to be placed upon the feed products of corn and wheat, while it does not require a similar tax upon the food products of the same grain; though it is a notorious fact, that the adulteration of flour and meal shipped into the State, was as great or greater, than of feed, and further, that it does not stamp tax the whole grains of corn, wheat or oats, for feeding purposes or otherwise, but does tax the same when ground by a North Carolina mill into feed.

"To show the unfairness of the act," continued Mr. McNeill, "I would be glad if you would publish the following questions and answers propounded by myself to Commissioner Graham.

"First. If a farmer comes to my mill with 20 bushels each of corn and oats—40 bushels in all—and has me to grind them together for "feed" for his stock, and I do so, and take my legal toll of 1-8th or 5 bushels in payment for my work, then, does the law require me to place tax paid stamps upon his 35 bushels that he carries away? Answer: No. When I sell my 5 bushels to my city customers that I have earned by toll, do I have to put tax paid stamps upon my 5 bushels? Answer: Yes.

"Second. When I buy from the farmer 100 bushels of wheat, 6000 pounds, and grind them in my mill making in round numbers 4000 pounds flour and 2000 pounds feed, why do I have to stamp tax the feed and do not have to stamp tax the flour. Answer: The feed law puts a tax upon feed but the food law does not tax flour.

"Third. If a citizen buys 20 bushels of corn and oats for feeding purposes from a merchant, does the merchant who makes the sale have to stamp tax the corn and oats? Answer: No. If the same citizen comes to my mill and has me crush him 20 bushels of corn and I put 20 bushels of whole oats with it and mix together and sell to him as "crushed corn and oats," do I have to put revenue stamps upon my sale to him? Answer: Yes."

Charleston Men Coming to Greensboro

The Chamber of Commerce is in receipt of a letter from the secretary of the Chamber of Commerce at Charleston, South Carolina, advising that on April 5 a party of sixty or seventy of the leading business men of Charleston, travelling on a special Pullman train of their own, will arrive in Greensboro at 9:50 a. m. This party is on a tour, and will stop over in Greensboro for seventy minutes, and will be the guests of the Greensboro Chamber of Commerce for that time. Definite arrangements have not been made for the visitors, but it is very likely, as the time is short, that they will be shown over the city in a special trolley car.

Baltimore Conference Meets.

Washington, March 29.—With Bishop William F. Anderson presiding, the Baltimore conference of the Methodist church began today. It will last until next Monday.

A memorial service was held this morning for seven members of the conference who died during the last year.

SALESMAN WANTED.

We want a live, wide-awake shoe salesman to work during April and May.

Apply at once.

Thacker & Brockmann

THE HAND OF LINCOLN.

LOOK on this cast and know the hand
That bore a nation in its hold.
From this mute witness understand
What Lincoln was—how large of mold.

The hand of Anak, sinewed strong,
The fingers that on greatness clutch,
Yet, lo, the marks their lines along
Of one who strove and suffered much!

For here in knotted cord and vein
I trace the varying chart of years.
I know the troubled heart, the strain,
The weight of Atlas—and the tears.

Again I see the patient brow
That palm erstwhile was wont to press,
And now 'tis furrowed deep and now
Made smooth with hope and tenderness.

For something of a formless grace
This molded outline plays about.
A pitying flame, beyond our trace,
Breathes like a spirit, in and out.

The love that cast an aureole
Round one who, longer to endure,
Called mirth to ease his ceaseless dole,
Yet kept his nobler purpose sure.

Lo, as I gaze the statured man,
Built up from yon large hand, appears,
A type that nature wills to plan
But once in all a people's years.

What better than this voiceless cast
To tell of such a one as he,
Since through its living semblance passed
The thought that bade a race be free!

—Edmund Clarence Stedman.

AFTER WINGS.

THIS was your butterfly, you see.
His fine wings made him vain.
The caterpillars crawl, but he
Passed them in rich disdain.
My pretty boy says, "Let him be
Only a worm again."

O CHILD, when things have learned to wear
Wings once they must be fain
To keep them always high and fair.
Think of the creeping pain
Which even a butterfly must bear
To be a worm again!

—Sarah M. B. Piatt.

SONG.

COME, let us go to the land
Where the violets grow!
Let's go thither hand in hand,
Over the waters, over the snow,
To the land where the sweet, sweet violets blow.

THERE in the beautiful south,
Where the sweet flowers lie,
Thou shalt sing with thy sweeter mouth
Under the light of the evening sky
That love never fades, though violets die.

—Barry Cornwall.

Delicately Formed

and gently reared, women will find in all the seasons of their lives, as maidens, wives and mothers, that the one simple, wholesome laxative remedy, which acts gently and pleasantly and naturally and which may be taken at any time, when the system needs a laxative, with perfect safety and really beneficial effects, is Syrup of Figs and Elixir of Senna.

It has that true delicacy of flavor which is so refreshing to the taste, that warming and grateful toning to the stomach which responds so favorably to its action and the laxative effect which is so beneficial to the system when, occasionally, its gentle cleansing is required.

The genuine, always bearing the name of the California Fig Syrup Co., may be purchased from all leading druggists in original packages of one size only, price fifty cents per bottle.

VIOLETS

Double blue, long stems, fresh, fragrant; all that could be desired in Violets

For a short time only

$1 per 100

Other flowers, of course.

Announcements

For Mayor.

To the Citizens of Greensboro:

I hereby announce my candidacy for the office of Mayor and Commissioner of Public Accounts and Finances of the City of Greensboro.

If elected I will advocate broad and progressive policies of government within the bounds of safe and ecenomical business. And I shall endeavor to faithfully and efficiently perform the duties of the office, without fear or favor, but with courtesy and square dealing toward all the people.

Very respectfully,
THOMAS J. MURPHY.

To the Citizens of Greensboro:

I hereby announce my candidacy for the office of Mayor and Commissioner of Public Accounts and Finances of the City of Greensboro. If elected to fill the above named office, I shall devote my entire time to the city's affairs.

Very respectfully,
E. J. STAFFORD,

In compliance with the request of certain citizens I announce myself a candidate for the office of Mayor and Commissioner of Public Accounts and Finances. B. H. MERRIMON.

For Commissioner of Public Works.

This is to announce that I am a candidate for Commissioner of Public Works in the City of Greensboro.

I feel I can perform the duties of this office acceptably to the public, as for the last six years my work has been exclusively street and road work.

I shall be grateful for your support.

Respectfully,
J. G. FOUSHEE, JR.

For Commissioner of Public Works.

I hereby announce byself a candidate for Commissioner of Public works.

J. ED ALBRIGHT.

To the Citizens of Greensboro:

Having been solicited by a number of citizens and friends to become a candidate for Commissioner of Public Works, which embraces the management of the city's water system, I make this announcement of my candidadcy for said position.

W. T. SERGEANT.

For Commissioner of Public Safety.

To the People of Greensboro:

I hereby announce my candidacy for Commissioner of Public Safety of the City of Greensboro, embracing Fire, Police, Sanitary and Inspection Departments. If elected I shall establsh my office at the City Hall and devote my entire time and abilities to the city's interests.

Respectfully,
E. A. BROWN.

For Commissioner of Public Safety.

To the Citizens of Greensboro:

I announce myself a candidate for Commissioner of Public Safety. Consider well the record and business qualifications of each candidate and vote for the best man. If elected I will give all my time and do the best I can to cause Greensboro to go forward.

Respectfully,
J. R. CUTCHIN.

TO THE VOTERS OF GREENSBORO.

I hereby announce myself a candidate for the office of Commissioner of Public Safety. If elected I will devote all my time to the service of the city.

Very Respectfully,
J. W. MERRITT.

WHAT DIM ARCADIAN PASTURES.

WHAT dim Arcadian pastures
Have I known
That suddenly out of nothing
A wind is blown,
Lifting a veil and a darkness,
Showing a purple sea,
And under your hair the faun's eyes
Look out on me?

—Alice Corbin.

TIZ is for sale at all druggists, 25 cents per box or direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

Booze, Buggy and Horse Captured. By Durham Officer.

Durham, March 29.—Deputy Lonnie Morgan last night about 10 o'clock captured a horse and buggy and ten gallons of booze in East Durham at a place near the Pendergras near-beer stand.

Mr. Morgan watched the owner of the booze drive up and go into the place of business. He called to the owner of the buggy and horse and the booze and it furnished the excuse for a sprint. The fellow ran and has not reported for his horse. The officer, who was accompanied by George Minor, of East Durham, brought the horse, a splendid animal about five years old, the buggy and the booze up town and put Major, the brag bull pup in watch over it. Should the owner turn up and want his team, he will have to do business with the dog and that's something else.

The last liquor captured from blockaders was brought to town and the team was put up in a livery stable here. One morning somebody went there and stole it. It has not been heard from since. The officers are determined to find out who the blockader is by retaining the horse. The outfit will be turned over to the government, horse and all, and developments will be awaited. The value of the horse will doubtless bring the owner to the surface soon.

Has Millions of Friends.

How would you like to number your friends by millions as **Bucklen's Arnica Salve does? Its astounding cures in the past forty years made them. It's the best Salve in the world for sores, ulcers, eczema, burns, boils, scalds, cuts, corns, sore eyes, sprains, swellings, bruises, cold sores. Has no equal for piles. 25c. at Fariss-Klutz Drug Co.**

Known by Fashionable Garment.

Washington, March 29.—Familiarity with women's fashions enabled a local detective to arrest Mrs. Millie Rifkin, wanted in New York. All he had for identification was a description of her gown.

A Cold, LaGrippe, then Pneumonia.

Is too often the fatal sequence. Foley's Honey and Tar expels the cold, checks the lagrippe, and prevents pneumonia. It is a prompt and reliable cough medicine that contains no narcotics. It is as safe for your children as yourself. Howard Gardner.

"Does that Mexican general follow the Spanish custom and keep saying 'tomorrow?'"

"No; he has improved on it. He says 'day after tomorrow.'"—Washington Star.

Warning to Railroad Men

Look out for severe and even dangerous kidney and bladder trouble resulting from years of railroading. Geo. E. Bell, 639 Third St., Fort Wayne, Ind., was many years a conductor on the Nickel Plate. He says: "Twenty years of railroading left my kidneys in terrible condition. There was a continual pain across my back and hips and my kidneys gave me much distress, and the action of my bladder was frequent and most painful. I got a supply of Foley Kidney Pills and the first bottle made a wonderful improvement and four bottles cured me completely. Since being cured I have recommended **Foley Kidney Pills to many of my railroad friends." Howard Gardner.**

Stella—George said he admired my wrapt expression in church.

Bella—Planning your Easter clothes?—New York Sun.

TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

Will Remember Him Once a Year.

New York, March 29.—The will of Wilhelm Schwensen provides that his widow be given $100 every Christmas Eve.

GUILFORD COLLEGE VERSUS LA FAYETTE

Baseball Teams to Meet This Afternoon at Cone Park for First Game of Season.

The rain yesterday afternoon prevented the ball game between the Quakers and the LaFayette team, scheduled for Guilford College. However, this afternoon at 3:30 o'clock at Cone Athletic park the two teams will meet on the diamond and a lively contest is predicted.

The teams have been practicing for some days and the managers report that their men are in good shape. The teams are old rivals and each player will put forth his best efforts to win the game. Last year the teams split even, each taking a game. As only one game is to be played this year the Quakers are anxious that a scalp shall dangle from their belt, while the Pennsylvanians are equally desirous of piling up the most tallies.

As this is the first game to be played on the local diamond this season a large crowd is expected, if the weather is favorable. The game will be called at 3:30 o'clock, sharp.

The probable line-up of the teams follows: Guilford—Shore, p.; Stewart, c.; Edwards, 1b.; Short, 2b.; Doak, ss.; Benbow, 3b.; Davis, lf.; Nelson, cf.; Thompson or Johnson, rf. LaFayette—Fager, p.; Conover, c.; Keeler, 1b.; Harrison, 2b.; Cederquist, ss.; Williams, 3b.; Fillmore, cf.; Melan, lf.; Critchlow, rf.

Robert Altshuler, who was injured by being struck with a bat on Tuesday, will not be able to be in a game for several days and will leave for his home this morning.

PHILOSOPHY.

Ever see a buzzsaw
Walk into your house?
Ever see the cheese bait
Walk to catch a mouse?

Ever see an ice hole
Open up on land?
Ever see the powder
Walk to meet the brand?

Point of observation
Must be plain to view.
Don't you trouble trouble,
It won't trouble you.
—New York Sun.

"RULE, BRITANNIA."

WHEN Britain first, at heaven's command,
Arose from out the azure main
This was the charter of the land,
And guardian angels sang this strain:
Rule, Britannia, rule the waves;
Britons never will be slaves.

The nations, not so blest as these,
Must in their turns to tyrants fall,
While thou shalt flourish, great and free,
The dread and envy of them all.
Rule, Britannia, rule the waves;
Britons never will be slaves.

Still more majestic shalt thou rise,
More dreadful from each foreign stroke,
As the loud blast that tears the skies
Serves but to root thy native oak.
Rule, Britannia, rule the waves;
Britons never will be slaves.

The haughty tyrants ne'er shall tame;
All their attempts to bend thee down
Will but arouse thy generous flame,
But work their woe and thy renown.
Rule, Britannia, rule the waves;
Britons never will be slaves.

To thee belongs the rural reign;
Thy cities shall with commerce shine;
All thine shall be the subject main
And every shore it circles thine.
Rule, Britannia, rule the waves;
Britons never will be slaves.

The muses, still with freedom found,
Shall to thy happy coast repair;
Blest isle with matchless beauty crown'd
And manly hearts to guard the fair.
Rule, Britannia, rule the waves;
Britons never will be slaves.
—James Thomson.

EXPLAINED.

"Out of sight, out of mind." Can the proverb be true?
'Tis a thing I can scarcely believe.
When you are away I grow fonder of you,
And I fret, and I stew, and I grieve.

There is only one way I can make it sound right.
That is this: I most constantly find
That whenever, my dear, you are out of my sight,
Why, then I am out of my mind!
—Cleveland Plain Dealer.

A SONG FROM FAR AWAY.

Of your day I claim no part,
Not a look, not a touch,
Not a beat of your dear heart.
That were joy too much.

Only let me take my place
In your dreams through the night.
I will pass and leave no trace
Ere the east grows light.

You shall waken with a smile,
Smiling still as you muse
How you dreamed of love awhile,
But forgetting whose.
—Amelia Josephine Burr.

CASTORIA
For Infants and Children.
The Kind You Have Always Bought
Bears the Signature of Chas. H. Fletcher

We Sell for Less Because We Sell for Cash

We do not want you to buy from us if you feel tnat you can afford to pay from 50 cents to $1.50 a pair more for your shoes than we ask for the same kind of a shoe. It is nice to be liberal, and the stores who sell on credit need your money to pay for the shoes bought by the man who never pays for them. If you judge the value of a shoe by the price, you should go to some other store where thew will allow you to pay $5.00 for a $3.50 shoe just to make you feel rich.

We Want the Man's Money Who Wants His Money's Worth.

Philanthropists? No. We have method in our madness, we know that the man who demands full value for his money will pay cash, and he will have cash to spend when the other fellow who buys on credit will be broke and in debt. We are in business to make money, but not at your expense. When we sell four pairs of shoes at $4.00 a pair we get $16.00 in cash, but if we sold these shoes at $5.00 a pair on credit, and one of the four men did not pay us, we would only get $5.00 for our four pairs of shoes.

WE SELL THE $5.00 KIND FOR $4.00 CASH, THE $4.00 KIND FOR $3.50 CASH, AND THE $3.50 KIND FOR $3.00 CASH. DON'T YOU THINK IT WOULD PAY YOU TO BUY FOR CASH? THINK IT OVER. "A DOLLAR SAVED IS A DOLLAR MADE."

WE SELL FOR LESS BECAUSE WE SELL FOR CASH

COBLE & MEBANE

ANTI-TRUST CASE SET FOR HEARING

Ware-Kramer Suit Against American Tobacco Company will be Heard in May by United States Judge Connor.

Raleigh, March 29.—The definite setting of the famous million and a half dollar damage suit of Ware-Kramer Tobacco Company, Norfolk, vs. the American Tobacco Company, for trial at the May term of the United States court here before Judge Henry G. Connor gives this long-standing litigation an immediate interest and promise of speedy settlement. The suit was originally for two and a half million dollars for the destruction by the great tobacco trust of the business of the plaintill in cigarette manufacturing, first at Wilson and later at Norfolk, where the complaint is that the company was finally forced into bankruptcy by the relentless business persecutions the American Tobacco Company maintained toward them as a business competitor.

One million of the damages claimed was lopped off some months ago by a ruling by Judge Connor that the claim for damages must be confined to the phases of damages allowed under the Sherman anti-trust act, no punitive damages being admissable in such a case as this. The bill of complaint sets out about every phase of competition that a trust is supposed to exercise in driving out competition, including contracts binding dealers to handle none of the goods of the plaintiff and spreading reports about the Ware-Kramer Company detrimental to their commercial standing. One section of the complaint sets out that the plaintiff shipped two carloads of cigarettes to China to fill orders received and that the two carloads completely disappeared, never reaching their destination, an investigation showing that the American Tobacco Company goods actually arrived in the stead of the Ware-Cramer shipment. They charge, too, that the trust really paid the plaintiff for the two cars of cigarettes in question, the inference in the complaint being that the trust found through a sort of detective service that the Ware-Cramer Company had secured the big order from the Orient and set about to prevent its delivery and the substitution of its own goods. There was a draft attached to the bill of lading and this was duly paid and the Ware-Kramer Company assert that they had no inkling of any "hold-up" in the delivery of their goods until their agent found that it was American Tobacco Company goods and not the Ware-Kramer goods that were supplying the trade that the two-car shipment was intended to supply.

Another remarkable feature of the complaint is that in which it is set out that W. M. Carter, as a secret agent of the American Tobacco Company, contracted for $10,000 stock in the Ware-Kramer Company and was put in charge of the sales department at a good salary and that they soon found that he was really knocking the Ware-Kramer Company in every way he could and decreasing their business and prestige as fast as possible. A subsequent order of the court had made Mr. Carter a party to the suit as a co-defendant with the American Tobacco Company. It was the Wells-Whitehead Cigarette Company that the American Tobacco Company used principally in fighting the Ware-Kramer Company, according to the complaint.

All the papers in the case have been carried by Judge Connor to his home office in Wilson, where he is going through the depositions and putting the papers in order for the least possible delay in the progress of the trial when the case is called. The court will convene May 22 and the first week will be devoted to criminal cases. Then the Ware-Kramer Company vs American Tobacco Company case will be called and it is expected that something like a month will be required in the trial.

THIN FOLKS MADE FAT

The Way Samose Works Its Wonders—Guaranteed By Howard Gardner.

More than half the readers of The Telegram would give almost anything to be plump and rosy instead of thin and scrawny.

Physicians and chemists for years have studied the problem of making a flesh-forming food, but it is only within the last few months that a bright man discovered the prescription that taken with the daily meals gave a positive increase in flesh. In fact it was so certain in its action that a guarantee was attached to each package stating that if weight did not increase as a result of using it, the purchase price would be refunded.

Howard Gardner has secured the agency in Greensboro for Samose, and as the percentage of satisfactory results from the use of this perscription is so nearly one hundred per cent he feels there is no risk in offering to refund the money if Samose does not do all that is claimed for it.

Everybody that is thin and out of health should begin today the use of Samose with a guarantee like this.

OUR ORDERS.

WEAVE no more silks, ye Lyons looms,
To deck our girls for gay delights.
The crimson flower of battle blooms,
And solemn marches fill the night.

WEAVE but the flag whose bars today
Drooped heavy o'er our early dead
And homely garments, coarse and gray,
For orphans that must earn their bread.

KEEP back your tunes, ye viols sweet,
That poured delight from other lands.
Rouse there the dancer's restless feet.
The trumpet leads our warrior bands.

AND ye that wage the war of words
With mystic fame and subtle power,
Go chatter to the idle birds
Or teach the lesson of the hour.

YE Sibyl Arts, in one stern knot
Be all your offices combined.
Stand close while Courage draws the lot,
The destiny of humankind.

AND if that destiny could fail,
The sun should darken in the sky,
The eternal bloom of nature pale,
And God and truth and freedom die!
—Julia Ward Howe.

A Special Medicine For Kidney Ailments.

Many elderly people have found in Foley's Kidney Remedy a quick relief and permanent benefit from kidney and bladder ailments and from annoying urinary irregularities due to advancing years. Isaac N. Regan, Farmer, Mo., says: "Foley's Kidney Remedy effected a complete cure in my case and I want others to know of it."—Howard Gardner.

NOTICE OF APPLICATION FOR PARDON.

Application will be made to the Governor of North Carolina for the pardon of Joe Andrews convicted of larceny in the August 1910 term of the Guilford county court and sentenced to the work house for one year. All persons who may wish to oppose the granting of said pardon are invited to forward their protests to the Governor at once.

MRS. ALICE ANDREWS.

STREET CAR SCHEDULE.

Following is the street car schedule of the North Carolina Public Service Company:

Biliousness

"I have used your valuable **Cascarets** and I find them perfect. Couldn't do without them. I have used them for some time for indigestion and biliousness and am now completely cured. Recommend them to everyone. Once tried, you will never be without them in the family."—Edward A. Marx, Albany, N.Y.

Pleasant. Palatable. Potent. Taste Good. Do Good. Never Sicken, Weaken or Gripe. 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C C C. Guaranteed to cure or your money back. 929

NATURE TELLS YOU

As Many a Greensboro Reader Knows Too Well.

When the kidneys are sick,
Nature tells you all about it.
The urine is nature's calendar.
Infrequently or too frequently action;
Any urinary trouble tells of kidney ills.
Doan's Kidney Pills are for kidney ills.
People in this vicinity testify to their worth.

Mrs. Brown, College street, Randleman, N. C., says: "Kidney trouble has been a stranger to me since I was cured by Doan's Kidney Pills three years ago. At one time I was made quite miserable by this complaint and although I used any number of remedies, I did not get permanent relief until I used Doan's Kidney Pills. The contents of several boxes cured me. I shall always recommend Doan's Kidney Pills, for I know that they can be relied upon to bring relief from kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

One dollar bottles guaranteed.

NEWS OF SPORTS

PRELIMINARY TRACK MEET.

The athletes of Greensboro high school held a prelinimary track meet yesterday afternoon in the auditorium to determine Greensboro's representatives for the interhigh school meet to be pulled off at Guilford College on Saturday morning. Jamestown, High Point and other high school teams will also enter the contest. A silk banner will be presented to the winning team, and this Greensboro is confident of capturing with the following six boys, who proved to be the best in their respective events: 100 yard dash, Yates; one mile run, Clement; 220 yard dash, Yates; 12 pound shot put, Dixon; 440 yard dash, McDuffie (Capt.); running high jump, Yates; running broad jump, Coffin; long distance baseball throw, Coffin; accurate baseball throw, Bond.

HILDRETH STABLE WILL BE SHIPPED TO ENGLAND

Pick of Racers, Including the Great Fitzherbert, Probably Will Be Entered in Foreign Meets.

New York, March 29.—The pick of the Hildbreth racing stables, including the great Fitzherbert, winner of last year's Brooklyn handicap, is likely to be shipped to England shortly, according to indications today. S. C. Hildreth, the owner, it is understood, expects to race his thoroughbreds at the Pimlico meeting, and then if the recent decision of the Jockey Club to hold no race meets in New York stands, to send them abroad for disposal. Novelty, King James, Restigouche, Zeus and other well-known horses are still in the Hildreth stables at Sheepshead Bay, where Jockey Shilling is putting them through their daily exercises. Shilling is likely to go to England to ride, if the Hildreth horses are sent to that country.

SANDOW IS NAMED IN ROYAL WARRANT

Becomes Athletic "Trainer" of King George of England.

New York, March 29.—King George of England is probably the only sovereign in Europe who has an athletic "trainer." He has just honored Eugene Sandow, the strong man, with an appointment by royal warrant to be "professor of scientific and physical culture to His Majesty." Press dispatches declare, however, that the honor is a recognition of Sandow's efforts at improving the physique of the rank and file of the British army, rather than an acknowledgement that any personal benefit would be derived by the King from his services.

DANVILLE STARTS SOMETHING NEW

Richmond, Va., March 29.—The Danville club, of the Virginia State League, has again started something new in baseball and it is believed that their action will result in the loss of more than one of their players. At the time of the Hooker incident it was pointed out that the Danville club would let semi-professional players understand that they could expect little consideration, but this latest move caps the climax. From time immemorial baseball clubs have always furnished transportation to their players and paid their expenses during practice. Danville, however, has notified First Baseman James I. Clancy, of Baltimore, that he will have to pay his own expenses to Danville for a try-out. Clancy has rebelled and will immediately ask the National Commission to pass upon the case. He refuses to report.

Farmers of Forsyth Opposed to Pooling Tobacco.

Durham, March 29.—The regular quarterly meeting of the Farmers' Union of this county will be held in the court house here on the morning of April 5, at 10:30 o'clock. At this meeting there will be present as guests of the union, Dr. H. Q. Alexander of Matthews, Mecklenburg county, president of the State organization; P. P. W. Plyler, chairman of the State executive committee of the Farmers' Union, and J. R Reeves of Sanford, State business agent for the organization.

At the meeting in April a full attendance of the farmers of Forsyth county is expected. Although it is the regular quarterly meeting at which much routine business is transacted, it is understood that there will be some business of a very important nature to come before the body. The meeting will be presided over by the president, J. L. Marshall, of the county union. Dr. Alexander will make the principal address of the occasion.

One of the leading members of the county union was asked if it was the intention of the local organization to take any action in line with the decision at Danville several days ago relative to pooling the tobacco crop, and he replied that it was his opinion that the county union would keep out of the affairs. It seems that the Farmers' Union of this county is laying particular stress on the cultivation of those crops that the farmer must have for home consumption, and the opinion seems generally to prevail that the acreage of those crops raised only for the market should be materially decreased. This means that the local organization would prefer to raise less tobacco and thereby, in accordance with the general law of supply and demand, raise the price, rather than to attempt to force the price to higher figures by an attempt at a pool.

"Foley's Honey and Tar is the best cough remedy I ever used as it quickly stopped a severe cough that had long troubled me," says J. W. Kuhn, Princeton, Nebr. Just so quickly and surely it acts in all cases of coughs, colds, lagrippe and lung trouble. Refuse substitutes. Howard Gardner.

"And when shall I take the sleeping draught, doctor?

"Well, about fifteen minutes before you go to sleep.—Fliegende Blaetter.

"Is your wife a good cook?"

"Is she a good cook? Say, I believe that woman could make something good to eat out of prunes."—Houston Post.

The Debtor—Well, old man, I'm going to marry a rich widow next week.

The Creditor—Indeed? Well—ah! congratulatie me, old chap!—Toledo Blade.

Engaged 53 Years, Dies Unmarried.

Brookton, Mass., March 29.—An engagement of 53 years between Miss Emily Fanny Richmond and the Rev. Charles Lord has been broken by the death of the former, at the age of 74.

A Mother's Safeguard

Foley's Honey and Tar for the children. Is best and safest for all coughs, colds, croup, whooping-cough and bronchitis. No opiates. Howard Gardner.

Went Back on Suicide Pact.

St. Louis, March 29.—Mrs. William Busch not only renigged in a suicide pact with her husband, but announces that she will now sue for her share of his property, he having cut her off in anticipation of her suicide.

CROUP TALK TO MOTHERS.

All the Croup Syrups and some of the boasted External applications CONTAIN OPIUM and should not be used. Read the labels before using. Vick's Croup and Penumonia Salve contains NO OPIATE and is harmless and relieves in 15 minutes by its STIMULATING VAPORS and OUTSIDE STIMULATION.

Too Active in Hero Business.

New York, March 29.—The Association of General Slocum survivors accuses Congressman Goulden, of the Bronx, of too much activity in getting medals from congress for alleged heroes of the Slocum disaster.

Attacks School Principal.

A severe attack on school principal, Chas. B. Allen, of Sylvania, Ga., is thus told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. Thousands bless them for curing stomach trouble, female complaints, kidney disorders, biliousness, and for new health and vigor. Try them. Only 50c. at Fariss-Klutz Drug Co.

Abe Wouldn'tStand for Mother-in-Law.

New York, March 29.—Abraham A. Levy broke his engagement to Anna Cottlieb when he found that he would have to support her mother too. Anna sued for $10,000 but a jury found for Abraham.

GRIPPE TREATMENTS.

The usual Cold Tablets or Cough Syrup is not the prescription for La Grippe. This disease attacks the small intestines and requires the ANTISEPTIC TREATMENT. GRIPPE KNOCKERS is prepared especially to kill the Grippe germ and expels them promptly. Call for Grippe Knockers. Made by Vicks' Family Remedies Co.—25c.

A LOVE SONG.

WHO has robbed the ocean cave
To tinge thy lips with coral hue?
Who from India's distant wave
For thee those pearly treasures drew?
Who from yonder orient sky
Stole the morning of thine eye?

THOUSAND charms thy form to deck
From sea and earth and air are torn.
Roses bloom upon thy cheek,
On thy breath their fragrance borne.
Guard thy bosom from the day,
Lest thy snows should melt away.

BUT one charm remains behind,
Which mute earth can ne'er impart,
Nor in ocean wilt thou find,
Nor in the circling air, a heart.
Fairest, wouldst thou perfect be,
Take, oh, take that heart from me!
—John Shaw (1778-1809).

The Traveling Man Telephones Do You?

"HELLO! *this is John—I've just come in all right. How are all the folks?*"

On his arrival the traveling man seeks the nearest Bell Telephone Station.

His first thought is for the loved ones at home, and he hurries to assure them of his safety.

Over five million telephone stations comprise the Bell System. Every man's home should be included in the universal system.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

Barber Heals Blind Man.

San Francisco, March 29.—After trying Vienna, Berlin and New York specialists unsuccessfully C. G. Cunningham, wealthy miner, was cured of ten years' blindness by massages by his barber.

AFTER EFFECTS OF THE GRIP

It is fortunate that the Grip epidemic this year is milder in its action than in previous years. This does not mean that it is less dangerous.

The after results of the Grip are apt to be exceeding serious. Do not take any chances,—for the general weakness, and to allay all bronchial irritation after the fever has passed, nothing equals Vinol, which is a delicious combination of the health-giving properties of the cod's liver, with the grease eliminated and tonic iron added.

A lady from Long Branch, N. J., writes:—"The Grip left me in a nervous, weakened, run-down condition. After taking three bottles of Vinol I am better and stronger than I have been for years, and I cheerfully recommend Vinol to all who have been ill and need strength." (Name furnished on request.)

After Grip or any severe illness try a bottle of Vinol with the understanding that your money will be returned if it does not restore your vitality and strength. Fariss-Klutz Drug Co., Greensboro, N. C.

Gems In Verse

A SIMPLE PROGRAM.

NOTHIN' to do but listen,
Nothin' to do but wait
And patiently hear with attentive ear
What the statesmen have to state.
Nothin' to do but watch 'em
As they gather in strength once more
To lead the way and to have their say,
As they've done so oft before.

Nothin' to do but cheer 'em,
Nothin' to do but smile,
As they set the sail to each passin' gale
And steer the ship in style.
Nothin' to do but shake 'em
When fortune is not so fair,
For gratitude never was the mood
Of republics anywhere.
—Washington Star.

WOODEN SHOES.

AS I passed through fair Lorraine
With my wooden shoes
Three knights met me on the plain,
With my wooden shoes.
They looked on me with disdain,
With my wooden shoes.

BUT to see me one was fain,
With my wooden shoes,
For the young Prince of Lorraine,
With my wooden shoes,
Threw me a spray of vervain,
With my wooden shoes.

HE looked once and looked again,
With my wooden shoes.
If he weds me I shall reign,
With my wooden shoes,
As the queen of fair Lorraine,
With my wooden shoes.
—R. L. G. in London Nation.

CITY NEWS BRIEFS

BROUGHT TO HOSPITAL.

Mrs. J. P. Freeman, of Groometown, was brought to the hospital yesterday for an operation. Her condition was considered critical last night.

MRS. WOOD OF GRAHAM DEAD.

Mrs. Nannie Elizabeth Wood, of Graham, died at St. Leo's hospital Tuesday evening, to which place she had been brought for cancer treatment. Mrs. Wood was 52 years of age. The remains were taken to Graham yesterday morning for interment.

WILL PREACH TO UNSAVED.

At the Asheboro Street Baptist church tonight Rev. Mr. Dadgett will preach a sermon to the unsaved. Last evening he preached a forcible sermon on the "Coming of Christ." The interest was good, there being one profession and several requests for prayer. The public is cordially invited to attend.

ATTENTION, BOY SCOUTS.

The Boy Scouts of Troup 1 will meet in the library this afternoon at five o'clock. The meeting is an important one and all members are urged to attend, especially the boys who have not been assigned to a particular patrol. Glenn Wyrick, leader.

NO ASSESSMENT WILL BE MADE.

In yesterday's Telegram it was stated that the executive committee and finance committee of the Guilford County Sunday School Association had decided to increase the assessment per member from three to five cents. This was not the case, the committee voting down such a resolution. It is the intention of having no assessment, all contributions to be voluntary.

MUNICIPAL COURT.

In municipal court yesterday morning Ernest Phibbs, colored, was given a hearing on the charge of embezzlement, having obtained a bicycle from A. F. Moore several days ago. He was found guilty and bound over to the April term of Guilford Superior court in a bond of $100, failing to give which he was placed in jail.

MAY ESTABLISH BRANCH SCHOOL HERE.

Walter L. Church, of Richmond, general agent of Arthur Frederick Sheldon, founder of the Sheldon school, was in the city yesterday prospecting with a view of locating a branch of the school in the city. He expressed himself as favorably impressed with the city and it is likely that a branch of the school will be established here. This school teaches the science of business building and salesmanship.

LIGHTS GIVE BETTER SERVICE NOW.

It is a noticeable fact that since the new street lights were placed the latter part of February only two lamps have been reported as out and these were out at places where the connections had not been permanently made. Before the new lamps were installed it was regarded as remarkable by the police if from half a dozen to twenty lamps were not out every night the schedule was in effect. Now the lamps burn all night and every night, regardless of moonshine.

PERSONAL MENTION

W. H. Matthews has returned from a business trip South.

Col. W. H. Osborn left yesterday on a business trip to New York.

Mr. and Mrs. S. Kirkpatrick will leave tomorrow to visit relatives in Ohio.

Dr. Edwin Mims, of the State University, spent a while in the city yesterday, en route to Winston-Salem, where he delivered an address yesterday afternoon.

I. L. Blaustein, of Clio, S. C., is here on a visit to his family.

Congressman Chas. M. Stedman will leave today for Washington City. He will be accompanied by his private secretary, J. Elmer Long.

J. D. McNeill, of Fayetteville, is in the city.

J. H. Walker, of Reidsville, was here last night to attend the meeting of the millers.

David Settle, of Asheville, was in the city last night.

The condition of W. S. Moore, who was taken suddenly ill Sunday evening, was reported as somewhat improved yesterday.

Rev. Melton Clark has returned from Columbia, where he was called on account of the illness of his father. He left the elder Mr. Clark much improved.

THE SOUTHERN VOICE.

In the trees of the south there's a song tonight,
And their haunting and exquisite music I hear
As the tall pines swing in the wind and they wail,
And a voice that's as sweet and as soft and as clear
As a silvery flute or the sound of a lute
Comes free through the years that forever have fled,
Comes free from the wonderful days that are dead.

—Frederick P. Ladd.

Grave Charges Filed Against White Man Arrested in Virginia

Danville, Va., March 29.—It became known today that there were serious charges against Grover Ledbetter and C. E. Couch, the two young white men who were arrested at Schoolfield last Friday afternoon by Officers Hatcher, Foster and Tucker. They are wanted in Shelby, N. C., for house-breaking and on two other charges. Requisition papers have been issued and an officer from North Carolina is expected to take the two men back to face trial. Under the laws of North Carolina, they can, if convicted, of all the offences charged, be given over thirty years in the penitentiary.

The two men came to Schoolfield several weeks ago and began work in the cotton mill. The sheriff of Cleveland county, N. C., notified Chief of Police Bell to be on the lookout for them and stated that they were cotton mill operatives. From the description the North Carolina officer gave of the two men it was easy to locate them.

The men are charged with having trespassed on the premises of Mrs. M. J. Jones, in Cleveland county, on the night of March 4th, with having broken into her home and having assaulted her. The requisition names three distinct crimes. The paper will be turned over to Sheriff Wilkins by Chief Bell, and he will take the boys home.

Peace Overtures will be to Leader Madero Says Junta

El Paso, Tex., March 29.—If any peace proposals are being formulated by the Mexican government, it is believed by the insurrecto junta here that they will be delivered to Francisco I. Madero, the insurrecto president in the form of unofficial overtures.

It is believed the first step taken by the federal government would be to sound Madero's attitude without binding the government to definite promises.

Through the conferences Senor Limantour and Francisco Madero, Sr., and Gustav Madero had in New York, President Diaz has been plainly informed of the demands of the insurrectos but it is intimated that the Mexican government has displayed some desire to deal with the insurrecto President direct.

Madero, according to reports, is less than one day's march from Chihuahua, now the strongest federal post in northern Mexico. The junta here does not believe President Diaz will yield to the most insistent of the insurrecto demands, which include the retirement of the President. The junta does not consider the prospect particularly bright for immediate peace.

Mr. and Mrs. T. A. Meyers and Mrs. T. A. Pittman, who have been visiting Mrs. Phillips for the past two weeks, left yesterday for Missoula, Montana, where they will make their future home.

THEY FIT WHERE OTHERS FAIL

We would be pleased to have you come in

Brown-Belk Co.
If You Don't Trade With Us We Both Lose Money

Smith Said:

"I know Jones—he is all right—I will make him executor of my estate. He will carry out my wishes."

And Smith died. And in a few months Jones died. The court appointed a stranger. Things were mixed. A Trust Co. never dies. If you name

The Greensboro Loan & Trust Co.

as your executor or trustee, experienced men and a responsible company will carry out your wishes to the letter of your will. It will cost no more than Smith expected to pay Jones. The law fixes the price.

J. W. FRY, President. W. E. ALLEN, Treasurer.

AMERICAN EXCHANGE BANK
GREENSBORO N.C.

SAVING MONEY

Every person who has an income should manage their financial affairs in such a way as to be able to deposit a portion of his income in a savings account where the money will earn interest and be positively safe. Once the habit is formed, it becomes easy and agreeable to save money. This bank pays interest at the rate of 4 per cent. per annum, compounded four times a year.

Accounts subject to check also invited.

CAPITAL — $300,000.00
RESOURCES $1,350,000.00

Spring Time, Gardens and Your Neighbor's Chickens,

and at times your own chickens are inclined to want to go to the Flower Beds and the Vegetable Garden. They can be kept out easily.
